A division of Collegiate Pride, Inc.

DIE STRUCK CUSTOM PRODUCTS

Welcome to The Falcon Mint

We are pleased to introduce our line of quality die-struck custom medallions and jewelry. Our mission is to offer a high quality product at a competitive price. All of our jewelry and medallions are produced in-house with a highly trained staff which means every piece is made in the good old 'US of A. We are a full service mint and are committed to providing a line of keepsake medallions of uncompromising quality.

The Falcon Mint is a division of Collegiate Pride, Inc. which specializes in custom minting licensed products from colleges, universities, high schools and other educational facilities across the country.

BRONZE MEDALLIONS

These affordable medallions are made of high quality 230 red brass otherwise called bronze. Any finish you choose will give you an attractive and durable coin that is sure to last for years to come. The final production of a medallion consists of a fine mist of jeweler's lacquer to each side to prevent tarnishing and retard fingerprinting.

NICKEL SILVER MEDALLIONS

Made up of the elements nickel, zinc and copper, this metal is very popular for medallions because of its silver-like color. Although there is no silver in this alloy, nickel silver is very durable, scratch resistant and any finish you choose will give you a beautiful keepsake to commemorate any special occasion.

Bright or Antique Finish

BRONZE KEYTAGS AND EXTENDED LOOP MEDALLIONS

Die struck medallions that can be made into keytags or hung on ribbons for awards, etc. are what we call extended loop medallions. We offer 3 sizes in the bronze and nickel silver: 39mm (1 1/2"), 32mm (1 1/4") and 49.53mm (2"). We also offer a smaller piece, 16.5mm that is only minted in .999 fine silver, which is ideal for a charm or pendant. These special blanks are struck with the same dies that are used for regular medallions in these sizes.

Enameling

Clearcoating

24k Select Gold Plate

Numbering

CREATIVE OPTIONS

ENAMELING

Adding color is a great way to increase appeal to your medallion. Based on the artwork, dies can be cut to allow for specific areas to be hand-painted in rich, vibrant colors of your choosing. We can even match Pantone or PMS colors for you.

Colorful Hand-painted Enameling

- 1 color add \$1.00 each (v)
- 2 colors add \$1.75 each (v)
- 3 colors add \$2.50 each (v)
- 4 colors add \$3.25 each (v) call for quote

CLEARCOAT

A protective clearcoat can be applied to add durability to your medallion. Applying clearcoat to an enameled keytag protects the hand painted colors for expected wear and tear. If you would like the clearcoat please add \$1.00 (u) for each side you would like it applied to.

24K SELECT GOLD PLATE

Adding 24k Gold Plating to specific areas of a .999 fine silver or nickel plated medallion creates a very attractive and appealing look. Size of medallion may limit area to be plated. Please call for a quote.

NUMBERING

We do numbering on the rim and also on a number bar designed and cut into your die. Making custom coins a limited edition is a unique idea to add value to your pieces. Add \$1.00 (v) for each numbering application.

MILITARY AND ARMED FORCES MEDALLIONS

The Falcon Mint is a proud sponsor of our United States Military and Armed Forces. We die strike medallions for all divisions of the Armed Forces of the United States of America and uniformed officials of our Government. These timeless pieces are of the highest quality and an excellent way to tribute and honor those who serve our country. If you would like more information on our military coins, please contact your representative.

All of our medallions are made in the United States of America.

Jewelry Boxes

Capsules

| c. Grammie Box Bezel | Grammie | \$9.25 | \$10.75 |

DIE CHARGES

If a custom design is chosen for one or both sides of the medallion, a die must be created. The same size of die can be used for both medallions, keytags & extended loop medallions. Die charges are per side and not included in the price of any individual item. The production time for each die is approximately 3 weeks.

Actual costs may vary after reviewing artwork. 50% down payment is required for the dies with purchase order and balance due with approval of artwork. *Complex dies must be quoted for accuracy on price-please contact your sales representative. New dies may be subject to a setup fee to prepare the die(s) for striking.

ARTWORK

Please submit black and white camera ready art. Art services can be provided at an extra cost. Please contact your sales representative for more information.

Die Charges

| | |
|----------|-------------------------|
| 16mm Die | \$150.00 - \$200.00 (x) |

| 49.53mm (2") | \$250.00 |

Die Charges - Complex 3D* (4x)

| | |
|-----------------|----------------------|
| 27mm Die | \$225.00 - \$400.00+ |
| 39mm (1 1/2") | \$250.00 - \$450.00+ |
| 44.5mm (1 3/4") | \$275.00 - \$475.00+ |
| 49.53mm (2") | \$325.00 - \$500.00+ |

GENERAL INFORMATION

ORDERING

Orders may be called in to The Falcon Mint/Collegiate Pride, Inc. during normal business hours (7:30-4:30pm EST) Monday-Friday. Orders can be faxed or emailed anytime. All orders must be in writing. Purchase orders are appreciated. Deposits are required for silver orders and large orders. Please call for more information.

CUSTOMER SERVICE AND QUOTES

We are more than happy to assist you with any questions you may have. We realize there are many options for these medallions, which could generate questions. Quotes will be generated upon your request. Due to the fluctuation in the price of precious metals, quotes are subject to change on a daily basis.

SHIPPING INFORMATION

F.O.B. Portland, Indiana. When order is placed please specify shipment mode. If shipping method has not been specified, we will select the most appropriate method based on weight, destination, and time available. All packages are insured and the cost is added to the shipping amount.

PRODUCTION TIME

Normal production time is 4-6 weeks after receipt of written art approval. Rush service may be available upon request.

CANCELLATION CHARGES

Orders cancelled during production will be charged for completed work up to the time of cancellation.

TRADEMARKS, COPYRIGHTS, REGISTRATION MARKS

We bear no responsibility for legal infringements. The factory assumes that the customer has permission to use all designs asked to be reproduced on Collegiate Pride, Inc./The Falcon Mint products unless it is a licensed entity with Collegiate Pride, Inc./The Falcon Mint. The Purchaser agrees to assume any liability resulting from actions or demands brought against us for patent or copyright infringements.

RIGHT TO PROMOTION

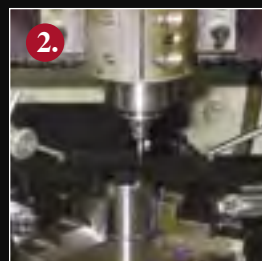

We reserve the right to use all products in our advertising and displays unless otherwise specified in writing at the time of the order. All products shown in this catalog are for display purposes only and for the exclusive use of the original customer.

THE MAKING OF A CUSTOM MEDALLION

1. CREATING THE ARTWORK

Our in-house art and design team prepares the artwork based on the customers specifications using the latest computer technology and skilled craftsmen. After final approval, it is converted into the necessary format for our die engraving machines.

2. CUTTING THE DIES

Our cutting machines cut the art designs into correct size die blocks made of D2 steel.

3. PREPARING THE DIES

The die blocks are heat treated to strengthen the steel. The surface of the die where the design is located is then polished and prepared for striking.

4. BLANKING

The blanks are made from strips/rolls of raw material. These are then run through a punch designated with the correct size for the new medallion.

5. STRIKING THE MEDALLIONS

The dies are set in the press and then the blank is struck producing the desired medallion.

6. CREATIVE OPTIONS

Creative options such as hand-painting each medallion can be done to enhance the appearance and capture very tiny details of the design.

7. THE CUSTOM MEDALLION

It is our pleasure to produce a custom piece that can offer so much and will last the test of time!
